Sure thing.

I am on a call right now but can call you but can call you after – maybe 30 minutes from now.

I have another call at 10:30 and then a customer meeting.

I don't recall making a comment to Bill like that but am more than happy to get to the bottom of it.

Chris,

Bill LaPerch gave me my review yesterday and he informed me that he has heard from you that I am hard to approach. I wasn't aware of this issue so I'm hoping we can clear the air.

Do you have any time to talk today?

Thanks,

Doug

Doug

What number are you on?

I will call you after my 9:30

Must say I am dumbfounded by this and am racking my brain to see if I ever said something that could have been interpreted that way....
